

**Parenteral Treatment Referral Form  
for External Patients**

Dear Referring Naturopathic Doctor:

Please complete this form and e-mail to [iccinfo@ccnm.edu](mailto:iccinfo@ccnm.edu) with supporting documents. The ICC Director or IV Shift Supervisor will contact you if additional information is needed.

IV treatment re-assessment is required and should be completed by you, the referring ND, after the approved IV treatment has been completed or after 6 months - whichever comes first. No further IV appointments can be booked before re-assessment has been completed. While the clinicians at the CCNM ICC will be fulfilling the duties of this referral, the referring Naturopathic Doctor is expected to provide ongoing care and management of the patient.

Once the referral has been approved, the RSNC Reception will book the appointment and inform the referring ND.
